03/31/2003 18 : 46

The following is in response to the FEC letter dated March 18, 2003 and received by the Engel for Congress campaign on March 23, 2003.

part 3: 48 Hour Reports

The checks in question were not actually received by the campaign within the time frame requiring 48 hour reporting. The checks were incorrectly recorded by a volunteer, assisting the treasurer, with the dates that they were written as opposed to the dates they were received. The report is being amended to record the actual dates that the checks were received by the campaign in accordance with the FEC guidelines. These dates would not require 48 hour reporting and therefore the committee did not fail to file the required 48 hour reports.

The proceeding actions (parts 1-3) by Engel for Congress will bring the campaign into compliance with FEC regulation and guidlines. Thank You
