Redesignations of Contributions

Use *memo entries* to show any redesignations of contributions.

If a contribution to a candidate is redesignated after the close of books, show the redesignation on the next report and indicate the report on which the original contribution was itemized.

In this illustration, the committee originally made a $10,000 contribution to a candidate's campaign, intending half of it to count toward the general election. The committee itemized the contribution in its April quarterly report. The following month, the campaign requested that the SSF redesignate the excessive $5,000 for the general election campaign. The committee itemized the redesignation in its July quarterly report.
