Dear Commissioners:

Enclosed with this letter is an amendment to the October 15 Quarterly Report of Receipts and Disbursements for the Faleomavaega for Congress Committee. The report covers the period July 1 through September 30, 2000. This amendment is being filed because in reconciling one of the Committee's partial bank statements for October 2000, it was discovered that there was a $50.00 check made on September 30, 2000 which was not included in the report.

The enclosed amendment increases operating expenditures by $50.00 and reduces cash on hand as of September 30th by $50.00.

Sincerely,

Martin R. Yerick
Assistant Treasurer
