			Total	$150.00					

These are contributions from a delegate/alternate event that had an optional fundraising component. My fundraiser code is HPPW. I was waiting for a couple of checks to be sent via mail, and did not realize that I had a 10 day limit to get the event contributions submitted (I incorrectly thought it was 30 days). Two people gave cash and I was not sure how to handle it. I decided to send it because it is a low amount and I did not know if it would be acceptable for me to take the cash and write a check to cover it.
