Re: Cyprus Minerals Company
Employees for Excellence in Government (CEEG)
Approval for Computer Generated Form 3X and
Filing Schedule Change from Monthly to Quarterly

Enclosed is our last report due for 1992. The above-referenced committee has chosen to file FEC Reports on a quarterly basis starting with 1993. As this is a nonelection year, we will be filing on the semiannual schedule.

Also enclosed for your approval are computer generated versions of selected schedules of Form 3X that we would like permission to use for future filings. Use of these computer generated schedules would save time in report preparation. These schedules have been input on our PC and are not available for anyone elses use.

Should you have any questions regarding our change in filing status or the computer generated Form 3X, please contact me at your convenience at the above telephone number.

Sincerely,

Jerome J. Bensing
CEEG Treasurer
