Issues 1 and 2 have been corrected. Data-entry and software calculations were incorrect and have been addressed.

The independent contributors have been added as MEMO entries for issue 3 - joint fundraising receipts.

Schedule B has been clarifed as regards to "Media Buys". These were generic issue ads, not related to any specific candidate.

H2 has been corrected to show the event RT02 as previously reported.

H4 has been corrected as the disbursement was for a consultant retainer for ongoing Party fundraising. This is not related to any specific event.

The expenditures reported as GOTV expenses have been corrected. These were not specific candidate expenditures, just generic party activity.

All year-to-date totals should be corrected by data entry and software corrections.
