Amended April Monthly Report (3/1/96-3/31/96) dated 4/25/96

Dear Mr. Evans:

In response to your letter of September 11, 1996, we are providing the following information:

A. While we disagree with your interpretation of the way in which fundraising event year-to-date totals should be reported, the NRSC will be glad to comply with your request beginning with the 1997-1998 reporting cycle. At that time, we will be putting in place a new accounting system which can provide a running total of event year-to-date figures for fundraising events as you have requested. In the meantime, the current system of reporting does provide "a separate aggregate amount" for each event as the instructions require for fundraising events. We will amend our administrative event year-to-date totals for this election cycle to provide the correct totals for the current year as soon as possible.

Sincerely,

Mary M. Dotter
Assistant Treasurer
