On 9/16/04, the National Republican Congressional Committee filed a 48-hour Independent Expenditure report in support of Sam Graves, a candidate for the U.S. House of Representatives in Missouri's sixth Congressional District. This transaction was not completed and the expenditure was voided. The Committee will show the void in our next monthly filing with the Commission and the dollar amount of $9,288 should be subracted from the total amount of Independent Expenditures made on behalf of this candidate.
