July Quarterly Report - Amendment - Administrative Expenses & Political Party Contributions: New Jersey First is a small committee that has few administrative expenses. The committee currently has no paid staff or rented office space. The committee relies on consultants and volunteers to administer its activities. All expenses incurred to operate the committee are reported as federal operating expenditures on the committee's FEC reports. Per discussion with the FEC-RAD, the committee has taken note of the categorization of political party committee contributions and will report subsequent disbursements appropriately. Per the discussion, the committee is not submitting a complete report amendment; the committee notes that the calendar year to date totals for subsequent reports will continue to reflect the subject political party transactions on Line 22. This information is intended to address questions raised by the FEC in its RFAI related to the committee's 2005 July Quarterly Report.
