Ohio Republican Party C00162339
July 2004 monthly report

1) Regarding "issue advocacy postage", "targeted cnty phone bank", "targeted phone bank". The payments in question involved only generic activities therefore, there would be no candidate attribution. The "issue advocacy postage" did not contain expressed advocacy. The targeted county phone banks are for the purpose of voter registration and generic get-out-the-vote questions.
2) Regarding Schedule A Line 12 for transfer in from the Republican National Committee. As noted on Schedule A Line 12, transfers in from the National Republican Committee and the subsequent use of these funds invloved only party administrative costs. These funds were not used for any other activity. Payment for "exempt" activites was made only from "state raised home grown funds" and not from the RNC transfers. The exempt activiteis invloved no public advertising, were distributed by volunteers, did not involve direct mail and were not designated for a particular candidate.

Sincerely,
Sarah Brown-Treasurer
