Dear Mrs. Needles,

This is a response to your letter dated March 25, 2009 to clarify information as to why our Amended Year End Report (11/22/07-12/31/07) disclosed additional receipts on Line 11 and the Detailed Summary Page.

Following an internal audit of all 2007 PAC receipts we determined that a number of contributions were inaccurately recorded as having been received in January 2008 on our internal records. Additionally, certain contributor information received during the transmittal of transactions to the Treasurer was found to have been inaccurately recorded; consequently, it became necessary to correct contributor information throughout the year which is reflected in amended reports covering other periods in 2007. Although most of the contributions were un-itemized, it took several months of data entry to properly reflect the receipts totals as well as the correct contributor information in our PAC records.

The purpose of the Amended Year End Report (11/22/07-12/31/07) was an effort to correct these previously mis-recorded receipts and provide an accurate disclosure of all PAC activity. Please contact me if you have any further questions regarding this matter.

Sincerely,

George Galis
PAC Treasurer
