Reference : July 31 Mid-year report

Dear Mr. Ragan:

Enclosed is the report for our committee for the period ending June 30, 1999. There are a number of records for which we have not ascertained the employer and occupation of the contributor. We have, however, sent correspondence to these individuals, and will issue an amendment within 4 weeks to reflect our best efforts at securing this information.

We also mistakenly deposited three (3) checks drawn on corporate accounts during the period from the entities listed below. Upon discovery, however, we promptly made refunds, which are also reflected in this report.

Finally, we received an excessive contribution during the last campaign from Mr. Milton McGregor, which we refunded on May 28, 1998 – Check # 3184. Mr. McGregor apparently never received the refund, however, so acting on the advice of attorneys at FEC, we have changed this outstanding campaign obligation on June 22nd of this year to a contribution for the primary election in the current cycle. It is listed in section 11(a) of this report alphabetically.

Please do not hesitate to call if you have any questions regarding this or any other report. I can be reached at (256) 534-3018.

Sincerely,

Henri McDaniel
Treasurer – Friends of Bud Cramer
