RE: Amended Febrary 2005 Monthly and Amended March 2005 Monthly 2005.

Dear Mrs. Jones:

This letter is in response to your inquiry about clarifying "Fundraising Consulting Fees" on our report. We have amended our reports to break out some minor reimbursements that were also payable to Winfrey and Company along with his fees that he charges to fundraise for the PAC committee.

At this time, I would also like to clarify PATPAC's administrative expenses. PATPAC's committee does not have an office. PATPAC pays two consultants to handle all administrative business for the PAC. Winfrey & Company is paid for raising funds for the committee and Danna Lane is paid as a consultant for all FEC compliance work. Because of this unique situation, PATPAC does not pay for rent, utilities, office equipment or supplies. However, each of the consultants are paid as independent contractors or fees instead of "salaries". We have amended our reports to more fully report payments made to Winfrey and Company to include small reimbursable payments for Fedex shipping and postage.

All expenditures that have been reported are only for fundraising events for PATPAC, including all photography, printing, and catering costs.

Brandon Winfrey
