RE: Letter from Federal Election Commission dated February 9, 2012

March 9, 2012

Enclosed please find the amended July 15 FEC report and the amended October 15 FEC report from Bob Massie for US Senate. I have enclosed the first four summary pages for each report and the pages for disbursements that reflect errors in those pages.

The following errors were in the July 15 original report

On June 30 both Matthew L. Wilson received a payroll check in the amount of $2261.38 and Samuel B. Levor received a payroll check for $1078.12. Neither check was entered into the NGP data base until August 20. This error was reflected in Lines 7(a), 7(c), 8, 17, 22, 26, and 27. These errors have been corrected in the amended July 15 report.

As a result of these changes to the July 15 report, Line 27 of that report changed which is also reflected in a change of Line 27 in the amended October 15 report.

In addition, there were errors on both the July and October reports because Memo Items were incorrectly entered into the data base thus showing a larger disbursement total than was actually spent.

In addition, the amended July 15 report on summary page 3 shows different totals for itemized and unitemized contributions although the TOTAL is the same. I have been told by NGP that this is the results of combining records in the intervening time.

Thank you for your service.
