Dear FEC —

This is in responce to your letter dated 10/16/01 regarding statement of candidacy. It was not until Feb 2001 that we saw this letter on the internet. I honestly feel that this letter never reached the congressman. They were not receiving mail at the Rayburn building during this time period.

I spoke to Mr. David Mason at your FEC seminar in San Francisco and he told me to send it in. Thank you for your time.
