[BeginText]

A letter was received from the Commission regarding an error on the Year End Report (11/23/04 - 12/31/04). After reviewing this report and the Post-General Report (10/14/04 - 11/22/04), it was determined that the discrepancies were on the Post-General Report, Lines 7(a), 7(c), 17, 21 and 22. The Post-General Report has now been amended and the Year End Report that was originally filed had already reflected the correct figures, negating the need for an amended filing of the Year End Report.
