Subject: Amended 2004 October Quarterly Report filing ID, FEC-167750

In reference to your letter of February 18, 2005 regarding the Good Government for America Committee's October Quarterly Report (7/1/04-9/30/04), the Committee is filing an amended report.

This new report corrects three contributions that were inadvertently reported as having been attributed to the primary election cycle, but which were actually contributions to the general election cycle. This amended report now correctly attributes the following contributions to the general election cycle:

1. Friends of Lisa Cheney on 8/18/04 for $2,500
2. Triplett for the Ninth on 8/17/04 for $5,000
3. Winsome Sears for Congress on 8/12/04 for $2,500

Your letter inquires about the totals on the Summary and Detailed Summary Pages. Those totals are correct. The July Quarterly Report has been amended, and thus the Column B totals you referenced in your letter are accurate for the October Quarterly Report.

Your letter requested clarifying information about disbursements for "PRINTING EXPENSE", "CATERING EXPENSE" and "FACILITY RENTAL". These expenses were part of the Committee's own fundraising efforts and were not made on behalf of a specifically identified federal candidate. Therefore, no amendment is necessary.

Finally, your letter inquired about administrative expenses for the Committee. The Committee has very limited overhead and administrative expenses. Disbursements to Benedetti & Farris LLC incorporate provisions for office supplies and expenses such as postage and phone service. No other administrative expenses beyond those reported by the Committee have been incurred, and no amendment is required with respect to this matter.

Should you have additional questions or concerns you can contact the campaign office directly at (703) 845-3689.
