Reference: November Monthly Report (10/1/03 – 10/31/03) and Amended December Monthly Report (11/1/03 – 11/2003)

In response to the Commissions letter of January 7, 2004 FPL PAC has made "best efforts" to update our files to include all our member's full names.

Our initial FPL PAC enrollment card lists a space for the full name and informs the contributor of the FEC reporting requirements (see attachment). Since our company does not require an employee's full name to complete personnel transactions, our second effort was to extract the full names from a different application.

A remaining 22 individuals were still listed by first initials only. Our third effort was to contact those individuals by phone to ask them to update the company files with their first names (see attached phone list and notes). Out of the 22 employees, 4 refused to list first names siting personal reasons.

We have amended the referenced reports to include all our updated files. Also amended was our year end report. If you require additional information please contact me at (561) 304-5103 or our Records Custodian, Audrey Borzynski at (561) 694-3528.

Sincerely,

Thomas Grieser
Treasurer, FPL PAC

Betty-
The attach file contains all the Pac Contributors without a full First Name. I conquer with you that the data is not available in the application - But lets verified that is the case. If so, how do I get those records edited and the Full Name updated.

Betty -
I see what you mean on line 100 but the extra work to extract that name will too much. What you did is perfect - we'll deal with the rest on a manual basic. Getting the bulk is a great help. Will you now incorporate the code in our production script?

Can I have the same file with the Pm instead of the SS? I'll update my application and then evaluate how many employees w/e need to get their records fixed.

Thanks again!

Subject: first name

Jackie,
Attached is a spreadsheet showing the employees name, their email and the new derived First name. There are still some where you can see part of the name in the email but there are initials in the front and I have no way of knowing that it is indeed a name and not a last name (see example on line 100). Take a look at what the first name would look like and let me know if this is okay or if you have any suggestions for improvement.

Subject: First Name

The first file is the most critical - if we can contact those Emp. and have them update their record thru the portal and also get their full name and update our App. (at the same time). Then you will be able to Amend the reports. CriticalContributorMustHaveFirstName

This file is all the Emp that needs their records update thru the portal - not so critical but in the event they update their contribution or becomes a contributor then we'll be covered

Subject: After you update the 22 critical Records.....

.....the only other issue we will have is this person 'J Ramos" - he has been terminated.
Unless you know his name and update his record - for this record will never be updated in our system
Otherwise we'll write to FEC and let them know this person is no longer active in this company.
