Reference: April Quarterly Report (1/01/04-3/31/04)

To Whom It May Concern:

This letter is in response to the notification our committee received regarding the above referenced report. Please see below for our complete response.

Our committee is aware of the best efforts standard established by the Commission. We do have a system in place to meet this standard. We include the appropriate disclaimer on all original solicitations informing the donor of the federal requirement for reporting such information. In addition, we make a follow up request within 30 days that does not solicit additional funds and includes a self addressed envelope. This follow up also reiterates the requirement by federal law that we are mandated to request this information. To meet the final segment of the standard, please see below for the information that we have obtained since the filing of the original report. It is our desire to make the public record as complete as possible.

We have also mailed, via USPS, a hardcopy of an original solicitation and a follow up request as examples of the forms we utilize. Please feel free to contact us if you have any further questions or need more information.
