Response to FEC letter dated 5/25/05 from Jodi Winship Reports Analysis Division

As Treasurer of the CCAGWPAC (C00391490), this was my first time reporting receipts and expenses during an election cycle that required financial information outside a normal, customary 30 day accounting period.

I didn't realize until after the fact that I could gather CCAGWPAC revenue data to coincide with the FEC 12 Day Pre-General Report and 30 Day Post-General Report. I initially only recorded expenses for the candidate endorsements that the CCAGWPAC conducted during the applicable report time frames. I chose to report receipts after those reports were due because I didn't think I could provide accurate revenue information because of the accounting cycle difference.

Again, after working through the unique election cycle reporting process, I now am able to acquire and report the appropriate receipts for the special 12 Day Pre-General Report and 30 Day Post-General Report.
