In response to your letter dated November 2, 2005 regarding the July Monthly Report (6/1/05-6/30/05) please note that the Committee has filed an amended report with the Commission today.

In your paragraph addressing PAC names, please note that our research on GAHC PAC has resulted in a refund being issued by the Committee. The PAC is registered with the State of Georgia and not the FEC as we had been told. After finding the committee (Georgia Affordable Housing Coalition PAC) and talking to them, we have issued a refund for the full amount. A copy of that refund will be delivered to you today. While federal law allows the committee to give up to $1000 aggregate in the year or register with the FEC, they did neither and were unaware of the rules therefore we have decided to return the entire contribution.

Please note that the other names have been updated. The names entered in the original filing match the name of the contributing committees checks thus causing the issue. We have started to look up all PAC contributors to ensure that they have not changed names, etc without changing their checks or letterhead. Transfers from candidate committee itemized on Schedule A supporting Line 11(c) have been clarified. Disbursements itemized on Schedule B supporting Line 21(b) have been clarified and certian purposes changed per our conversations. The original payee for in-kinds itemized to support Line 23 has been included. The new routine established to better identify partnership attributions has been used in this amendment.
