With regard to your letter dated May 18, 2005, concerning the Committee's Amended June Monthly Report (5/1/04-5/31/04), filed on 4/20/05, the Committee conducted an internal audit of all its receipts and disbursements and checked them against its FEC reports and discovered that the three disbursements had not been reported on the original report filed in 2004 because copies of the disbursements had been misfiled. The Committee has filed amendments as necessary to correct the public record.
