The Committee's Mid-Year report for 01/01/01 - 06/30/01 is amended to correct clerical mistakes and to respond to a recent request for additional information.

Due to a data processing error, the contribution from Anne Derryberry was listed as \$10,000 instead of \$5,000. This contribution was allocated \$5,000 to the federal account and \$5,000 to the nonfederal account.

The Committee reports its earmarked contributions in accordance with the Commission's regulations at 11 CFR Sec. 110.6(c-). All earmarked contributions to federal candidates are itemized on Schedule A, Line 11(a), and on Schedule B, Line 23, in a clear manner. Each piece of information required by the regulations is disclosed. The Committee utilizes the FEC's FECFile4 filing software to report electronically and has corrected the itemization of earmarked contributions to nonfederal candidates on Schedule B that were automatically categorized as 'unitemized' by the program. The Committee is reviewing alternative ways to format earmarked contributions in the future to more closely meet the Reports Analysis Division's internal guidelines and to continue to present all of the information required by the regulations within the framework of the electronic filing parameters.
