Schedule H2 & H3 Fundraising event: In preparing for the fundraising event at issue, the RNC anticipated that funds would be deposited into both its federal and nonfederal accounts, treating the fundraiser as a joint federal/nonfederal event. As a result, it estimated the federal as well as the nonfederal share of costs. The RNC made expenditures for the events out of the federal account as required by FEC Regulations at 11C.F.R. sec. 106.5(f) It was only after the final tally of receipts at the end of the month that it became apparent that the proceeds were nonfederal, resulting in the nonfederal transfer reported on H3.

II. EXEMPT activities are allocated using the "time and space method" where the federal proportion of disbursements is based on the proportion of time or space devoted to federal candidates.

III. Shared DIRECT CANDIDATE support activities are allocated according to benefit expected to be derived, where the federal proportion of disbursements is based on the benefit derived by federal candidates from the activity.
