

A-G79 @ B9CI G'H9LH'fl 97 : cfa ' - - Ł

After filing the October Quarterly Report (07/01/12 - 09/30/12), errors were discovered in the original report.

Software being used to track the Committee's receipts and disbursements did not properly export all transactions to the FEC filing software.

It was determined that net contributions were understated by \$525.00, net operating expenditures were understated by \$1,579.22, loans were understated by \$721.29 and cash was overstated by \$332.93.

The Committee is amending its report in its entirety.
