We are in receipt of your Request For Additional Information (RAI), dated March 8, 2015, regarding the 2014 Year-End Report of American Future Fund.

Regarding Item (1): In paraphrasing 11 C.F.R. 109.10(e)(1)(vi), you indicate that 'Each contributor who made a donation in excess of \$200 to further the independent expenditure(s) must be itemized on Schedule 5-A, including their identification information.' No contributions or donations accepted by American Future Fund were solicited or received for the purpose of furthering the reported independent expenditures. Accordingly, no contributions or donations were required to be reported under the regulations cited in the RAI.

With respect to 11 C.F.R. 114.10(f), that provision applies to 'qualified nonprofit corporations.' American Future Fund is not a 'qualified nonprofit corporation.' The cited provision is, therefore, not applicable to American Future Fund.

If the organization receives any contributions that are required to be reported pursuant to 11 C.F.R. 109.10(e)(1)(vi), those contributions will be reported as required.

Regarding Item (2): An Amended 2014 Year End Report is being filed concurrent with this response to correct a filing software error evident in the original 2014 Year End Report. American Future Fund reported all required independent expenditure transactions in its 2014 Year End Report reflecting the information included in previously filed 24 and 48 hour reports.

Due to a filing software error, however, the expenditure amount and calendar year-to-date amount of Transaction ID: F57.4139 were not carried over from the same itemized expenditure reported in American Future Fund's October 22, 2014 24 hour Report.

Although the expenditure amount and calendar year-to-date amount did not transfer from the 24-hour report to the 2014 Year End Report, all other details of the itemized expenditure were fully and accurately described in both reports. There were no other inaccuracies or omissions in the original 2014 Year End Report. The filing software error has been corrected and Transaction ID: F57.4139, along with all other reportable independent expenditures, are fully and accurately reported.
