

This Form 99 is filed in response to the March 10, 2006 letter from the FEC, in which the FEC noted that there is a discrepancy between the ending balance reported by the Committee as of December 31, 2005 and the PACs beginning balance as of January 1, 2006, as reported on the Committee s February Monthly FEC Report. An independent review of the Committee s account conducted last year disclosed that the balance in the Committee s bank account exceeded the balance on the FEC report by \$2,282.65. Records indicate that this discrepancy occurred more than four years ago and the Committee is unable to identify the source of the additional funds. Upon discovering the discrepancy, the Committee contacted its FEC Reports Analyst in December 2005 for advice on what corrective action the Committee needed to take. The Committee was advised at that time to modify its January 1, 2006 beginning cash on hand to reflect the additional \$2,282.65. Per the instructions of its Reports Analyst, the Committee reported the beginning cash on hand as of January 1, 2006 as \$275,485.63, which exceeds the December 31, 2005 cash on hand of \$273,202.98 by \$2,282.65
