City	State	ZIP Code
MADISON	WI	53707

This response addresses the request for additional information dated Jan. 13, 2021, regarding the October Quarterly Report. No amendment to the report is necessary as full public disclosure of the Committee's campaign finances has been made.

1. Regarding the memo entries on Schedule E for Line 24, these were not for independent expenditures aired during one reporting period and paid for in a later reporting period. The memo entries constitute underlying transactions for the payment made by the Committee to Wisconsin Family Action on 9/30/2020. No communications constituting independent expenditures had been aired by Wisconsin Family Action by these underlying transactions. Wisconsin Family Action had changed its plans and elected not to proceed with distributing the communications. Instead, the Committee made arrangements to pay for and distribute the communications. The Committee paid for the communications on 9/30/2020 and they were distributed as independent expenditures on 10/1/2020. Therefore, the report correctly reports the payment to Wisconsin Family Action as a Schedule E independent expenditure paid on 9/30/2020 and distributed on 10/1/2020. The memo items were included in order to provide full disclosure of the Committee's activity related to its independent expenditures.
2. Regarding the second question on our October Quarterly report, again those items were part of what made up the Independent Expenditure that was distributed on 10/1/2020. The Committee did file a 48-hour report disclosing those independent expenditures on 9/30/2020, ahead of schedule. Thus, all independent expenditures were timely reported within 48-hours of distribution or dissemination.
