Brooklyn	NY	11206

Dear Ms. Ray,

This letter is being written as a follow-up to our phone conversation on July 11th regarding the June 9, 2019 RFAI letter and amended 24 Hour Report filed on January 4, 2019. As a small grassroots organization, Build the Wave's team was spread extremely thin during the final days of the 2018 election and as a result we failed realize that we had exceeded the reporting limit for our campaign activity. Additionally, with digital ads and texting operations it can be difficult to track expenditures over a 24 hour period, as expenses often aren't revealed or processed until much later and often based on performance of the ads and texts, which is difficult to predict.

Please contact me should you need additional information.

Sincerely,

Nathan Lerner
Build the Wave, Treasurer
