Dear Ms. Ray:

I am writing on behalf of USW Works (the Committee) in response to your request for additional information (RAI) dated December 20, 2020, which states that the Committee's 12 Day Pre-General Report (10/01/2020 – 10/14/2020) requires additional information.

The request for additional information is as follows:

1. Itemized independent expenditures must include a brief statement or description of why the expenditures were made. Please amend Schedule E of your report to clarify the following description(s): "Reimburse federal public communication costs."

The Committee will amend the 12 Day Pre-General Report to clarify the description mentioned above. However, we note that Schedule E of the Committee's 2018 12 Day Pre-General Report (10/01/2018 – 10/17/2018) disclosed multiple disbursements with the description "Reimburse federal public communications costs? and it was accepted without inquiry by the Federal Election Commission. The Committee reasonably believed when it submitted the 2020 12 Day Pre-General Report that the same description remained compliant.

Yours truly,

Gene Pasterick, Jr.
