The amended report discloses additional disbursements not on the original report because of the vast amount of data and input required to report. There were almost 600 GOTV disbursements totaling \$85,747 to input. This data was compiled by the committee during and immediately after the election. The amounts, dates, names, social security numbers, addresses, etc. were accounted for on excel spreadsheets. Our committee worked with the fecfile software group to try to import the spreadsheets into the fecfile software to no avail. As a result, all entries were input into the computer manually. This effort took a large amount of volunteer time and coordination. The general FEC help line was contacted and we requested direction as to how to file. We were told to file what we had already input and file an amendment with any additional data. This is the reporting method we undertook and we made every effort to report as accurately and timely as possible.

- We have provided the purpose for each disbursement on schedule B.
- The employees who spent more than 25% of their time on federal election activity have been moved to line 30(b) and were all paid with federal funds.
- The description of 'GOTV' on Schedule B refers to canvassing and door-to-door activity. The description of 'Voter ID' refers to voter identification phone calls.
