This submission is to clarify the increase in receipts of \$35,870 in the amended quarterly report for 7/01/2012- 9/30/2012 submitted 2/08/2013.

All of the individual contributions from the quarter were mistakenly filed in line 6(a) instead of in line 11(a) in the original filing.

When the mistake was corrected in the amended report, the increase in receipts was reflected in 11(a).

We regret the error. The amended quarterly filing accurately reflects the individual contributions from the quarter and the ending cash on hand.
