Dear FEC Staff,

I am the Treasurer for the Addivinola Committee and have submitted the report earlier today covering the period 11/21/13-12/31/13. The candidate was in the Special Congressional election in Massachusetts and the report should have been named 30-day Post-Special. However, due to some technical error, I was unable to upload my report with the proper name and dates coverage - I was receiving an error message regarding the ending date of 12/31/13.

I called Campaign Finance Analyst Ryan Furman, and he tried to assist me on the phone. While on the phone, I tried to re-upload as a 30-day Post-Special and as a 30-day Post-General. Both times the upload was rejected with the same error message. Then, per Mr. Furman's suggestion, I changed the report to Jan 31 Year End but left the same coverage dates and the report was accepted and filed.

This memo is to inform you that I had the foregoing technical error that couldn't be resolved by the analyst and that the filed report is in lieu of the Post-Special. It cover the period required though doesn't specify that the Special Election date was December 10, 2013.

Sincerely,

Angelica E. Addivinola, Treasurer
