Re: Human Rights Campaign (24 Hour Report 1/28/16 to 2/5/16)

This letter responds to your request for additional information dated February 17, 2016 regarding recent 24-hour reports:

You request that HRC amend its report to include the state for each presidential primary for which independent expenditures have been made.

We have amended Schedule 5-E to include the state for expenditures intended for a particular state. In the case of expenditures intended for a national audience we have included the text "nationally disseminated" to distinguish from expenditures intended for a particular state. We regret the inadvertent omissions.

Should you need further information regarding your request, please contact Darrin Hurwitz, Deputy General Counsel, at (202) 572-8914.

Sincerely,

Jim Rinefield
Treasurer
