This note is regarding March '06 Monthly Report, FEC ID# 207579

The request for information letter dated October 25, 2006, itemizes the following topics:

1. The outstanding balance of debts at the close of one report should be the same as the beginning balance of the next report. The "Pitney Bowes Purchase Power" balance does not match.

--This discrepancy has been corrected by filing an amended February '06 report (#2). The balance from the Year-End report was carried through to the newly amended February '06 report, which now matches the March '06 report.

2. On Schedule D of the Feb. '06 previous amended report, we disclosed debts owed to "Creative Strategies", "Qwest", "Computer Village", "Connolly & Goldian", "and Pacific NW Telco Inc.". These debts were not reported on the March '06 report.

--This discrepancy was also corrected by filing an amended February '06 report (#2). Those creditors were correctly not included on the March report and should not have been on the February '06 report. They were paid in full in 2004 out of an old account that I forgot to checkmark in our software and thus it was reported when it should not have been.

3. The totals from Lines 12, 18(a), 18(c), 20, 21(b), 21(c), 30(b) and 30(c) Column B of the Summary and Detailed Summary page appear to be incorrect.

--These totals have been corrected, as items that should have been reported under 18(a) and 18(c) were reported under 12. An amended March '06 report has been filed to move those items into the correct column.
