This filing is in response to the notice received by the HCC PAC, regarding balance errors in the Year End Report (07/01/2015-12/31/2015) and April Quarterly Report (01/01/2016-03/31/2016). In speaking with the Reports Analyst on March 30, 2017, it was discovered that the January 31 Year End amended report did not upload to FEC due to a software error. The analyst directed the HCC PAC to re-submit the report electronically, which would correct the balance errors originally noted. The report was resubmitted on March 30, 2017, correcting the issue.
