RE: Identification #C00313700

Dear Mr. Tallman,

As we discussed today, box 5(e) of the Statement of Organization form submitted by the Trans Union Political Action Committee should have been checked rather than 5(f). I believe that change will eliminate the contradiction referenced in your letter of April 4, 1996, as well as correctly reflect the status of the Committee.

Please let me know if any additional information is required.

Sincerely,

Oscar Marquis
