This is in response to the FEC's RFAI dated January 25, 2021, regarding our 30-day post-general report (10/15/2020 - 11/23/2020). This committee had inadvertently made excessive contributions to two candidate committees during the period. Both of these excessive contributions have been remedied, as follows.

On December 28, 2020, this committee received a \$2,000 refund for the excessive contribution made to Elizabeth Pannill Fletcher for Congress. This refund was reflected in our 2020 year-end report.

As of today, March 1, 2021, we have been assured by Debbie for Congress, that a refund of the \$1,000 excessive amount contributed to that committee is in transit. This refund will be reported in our mid-year report.

Note that we have reviewed our internal systems, in order to avoid such excessive contributions in the future.
