Dear Ms. Carter -

Please find that the Keystone Victory Fund has amended our 2011 YE Report to respond to your RFAI letter dated May 11,2012. (FEC-790440)

We have included all the missing identification of our donor's occupation and employer information for those individuals whose contributions exceed \$200 in this election cycle. We regret that this information was not included on the original - or first amended - YE 2011 report.

Additionally our internal procedures have been reviewed such that an omission of this variety will be avoided in the future.

Please feel free to contact us if the Commission requires addition information.

Thank You.

Aubrey Montgomery
Treasurer
