Dear Ms. Benitz:

␣

The National Association of Insurance and Financial Advisors Political Action Committee (NAIFAPAC) was unable to file its September Monthly Report by Monday, September 22, 2003 because of substantial problems with its software program. Our software vendor, Gnossas, has been working on these problems (specifically, that we cannot open the FEC filing tab) for several business days. Our actual report was ready to be filed on time. In addition, the software problems prevented us from downloading the September Monthly Report onto a diskette. Accordingly, we were unable to file via diskette with a signed cover page.

␣

We ask you to consider the above mentioned circumstances when determining whether NAIFAPAC filed its report in a timely fashion.

␣

Sincerely,

␣
