

Please notice the recently filed reports for the Houston Fire Fighters Political Action Fund, International Association of Fire Fighters. We have had a change in staff recently and very little transitional training if any. We have identified our weaknesses and are in the process of correcting the lacking reports. We have learned that for the past several years our reports have been filed incorrectly, therefore we are now in the process of amending the problem reports and reporting according to the current information we have been give. Please feel free to contact my office and speak with myself or our Controller, Ginger Lopez at 713-223-1202. In the coming weeks we will be concentrating on getting the amended reports filed as quickly as possible.

Thank you for your time.
