This is in response to an inquiry made by Reports Analyst, Alyssa Sagri regarding the Ninth District Democratic Committee's Administrative Expenses. The Ninth District Democratic Committee operates by paying Barnard Consulting Services to manage our data, store our files and file our reports. We also cover any phone expenses and office supplies. We do not have any employees. At campaign time, Ninth District rents space and pays utilities to participate in GOTV and voter registration drives. We hire independent contractors for those few weeks but they are not considered employees. Any other activity is done by volunteers. U
