This Form 99 Submission is in response to the Commission's letter dated December 29, 2015 regarding the Committee's July Monthly Report. The individual contributions in question were given refunds in 2015 for contributions made in 2014. When new contributions were received for 2015, the system calculates the YTD totals incorrectly. NGP does not have any method to force the correct YTD totals in these instances. The YTD total for Howard Palefsky is \$3,600 for this report. The YTD total for Bradford Smith is \$1,536.10. The Committee is currently conducting a data de-duping project on its entire database. As a result, we will be amending numerous reports to correct Column A and B totals for the year. Upon completion of the project, and as part of the amendment process, we will correct this report to show the proper YTD totals as Notes to the individual's contributions.
