Please note that the PAC is aware that we follow an alternate method of itemizing payroll receipts rather than the suggested manner of disclosing a single total for the reporting period along with the amount deducted per pay period. Because the amounts collected per pay period may change often during the time covered by a single report, we find that reporting individual deductions separately more accurately discloses how the receipts are collected.

The account adjustment reflects the difference between our reconciled bank balance and the reported balance found in our voluntary internal audit. We have taken all possible steps to identify the source of the difference, however, we are unable to do so. This one time adjustment brings our records in line, and the Commission should note that we now have a new vendor in place and have established new banking procedures to avoid such discrepancies in the future. Please contact us with any further questions.
