RE: Property Casualty Insurers Association of America Political Action Committee March Monthly Report (2/1/2012 - 2/29/2012); Identification Number C00066472

Dear Mr. Ryan:

This Form 99 Miscellaneous Report is filed in response to your inquiry dated May 24, 2012 requesting additional information about the March Monthly Report (2/1/2012 - 2/29/2012) filed by the Property Casualty Insurers Association of America Political Action Committee ("PCI PAC") on March 19, 2012.

PCI PAC adjusted the beginning cash balance on its March Monthly Report to reflect an accounting adjustment after a due diligence review of the PCI PAC's records and consultation. We understand that the adjustment to the March opening cash balance created a mismatch with the closing balance on the February Monthly Report and the adjustment should be reflected on Line 29 and in the ending balance cash balance of the March Monthly Report.

PCI PAC has filed an amendment to the March Monthly report so that the beginning balance of the March Monthly report matches the ending balance on the February Monthly report and the accounting adjustment is on Line 29 to reconcile the closing balance with the PCI PAC's bank account.

On behalf of the PCI PAC, we trust that this response fully and adequately fulfills your request for information.
