Washington, DC 20463

Dear Commission Representative:

In response to copies of the attached letters from Reports Analyst Melissa Hurd regarding The Home Depot, Inc. Better Government Committee's (Identification Number C-00284885) June, July, and August reports, I have enclosed amended reports correcting the errors noted. In addition, amended reports for September and October are enclosed as changes made to the earlier reports affected these two reports as well.

June Report (5-1-97 to 5-31-97) Corrections

This report has been amended to provide the total(s) that were inadvertently omitted from the original report for Columns A and B of the Detailed Summary Page, Line 19.

In addition the Item 11 (d) total contribution figures have been entered on the correct line. On the original report, they were mistakenly placed on Line 12.

July Report (6-1-97 to 6-30-97) Corrections

This report has been amended to provide the total(s) that were inadvertently omitted from the original report for Columns A and B of the Detailed Summary Page, Line 19.

Additionally, the figures for Lines 23 and 29 have been corrected. The corrections do not affect the overall total disbursements figure. The Column B Calendar Year totals were incorrect on the original report, showing \$8,500 on Line 23 and \$9,000 on Line 29 when it should have been \$10,500 and \$7,000 respectively.

August Report (7-1-97 to 7-31-97) Corrections

This report has been amended to provide the total(s) that were inadvertently omitted from the original report for Columns A and B of the Detail Summary Page, Line 19.
