To whom it may concern:

This is in response to the FEC request for Additional information in relation to the Amended April Quarterly Report (02/11/2016 - 03/31/2016).

Weber for Congress was in the process of affecting changes in their accounting and reporting firm during that time period to help correct and maintain the proper standards of reporting as required by the FEC. During this transition a few transactions were not included in the report that should have been due to a miscommunication between the former and new firms and the campaign regarding who was responsible for what reports. The error was realized when the new firm was preparing the second quarter report and was rectified then.
