

In reponse to your letter of March 1 2006 I have submitted an amended 2005 Year End Report correcting the figures in column B. In clarification of the descriptive words regarding catering and rent for reception, these expenditures were made for our PAC only to raise capital for us. The expenditures for postage, printing and stamps were also to raise money for us. Currently the PAC is using consultants for fundraising and reporting. A small office was maintained during this period to facilitate this fundraising efforts. All the expenditures for consultants and office rent, utilities are reported as expenditures on Schedule B.
