

The Year End Report for 2005 for the New York State Laborers' Political Action Committee was corrected in response to a letter from the FEC dated April 12, 2006. The following changes were made:

1. Schedule A - A more complete explanation of the reimbursement from Mr. Dolcimascolo was added.
2. Line 18(a) - An explanation of the timing of transfers from the state account to the federal account to reimburse administrative expenses was added to address the questions raised in the letter.
3. Schedule H1 - H1 was added. This was unchanged from the 50% used earlier in the year.
4. Attempts to resolve the computer reporting problems for Schedule D have not been successful. Please note that although the negative entries are confusing, the total reported on the summary page (\$0 debt) is correct. A previous submission to the FEC documented the debts and debt payments and confirmed this total. The problem is due to changes in the FEC reporting software over time. A new attempt will be made to rectify this problem will be made with the FEC software staff and should be completed by the end of May 2006.

The April quarterly report was also amended because the prior year end report was amended. Two changes were made.

1. Schedule A - The explanation for Mr. Dolcimascolo was modified as described above.
2. Schedule H1 was added.
