

A debt of \$2,500 payable to 3 Dog Consulting as mistakenly reported on the Committee's Pre-General Report (10/1/06-10/18/06) and all subsequent reports. This debt was not incurred by the Committee and should not have been placed on these reports.

Due to a change by the Committee in FEC electronic filing software, we were unable to amend past reports prior to filing our April 15th Quarterly report to properly show this lack of debt. The software issue has now been resolved and KINGPAC is filing amended reports that properly reflect the finances of the Committee.

Please contact me at 703-430-6635 with any questions.

Sincerely,

Steve Ralls, Treasurer
KINGPAC
